mission statement

Monterey Bay Academy is committed to excellence in communicating Jesus Christ while teaching young people to balance academics with everyday living in a clear and practical manner, so they will be equipped to grow in wisdom, integrity, and service.

mba

monterey bay academy • where land and sea unite to inspire

A Seventh-day Adventist Christian high school for boarding and day students

academics

Big on learning, not on class size

Personal attention is key to inspired learning. Small classes enable students to achieve great things with our challenging academic program and variety of electives. Students study everything from history to physics to photography, and will leave MBA prepared for college and a life of service and success.

fine arts

All the world is your stage

Students are encouraged to get inspired and inspire others with their creative gifts. Whether it is music, drama, or painting, students can develop and share their talents. Performing arts groups also take the show on the road, performing around the state, country, and sometimes, the world.

athletics

Strengthen your game, and your character

Teamwork and sportsmanship are important qualities of an inspired athlete, and the most important qualities of MBA's athletics program. We offer varsity, junior varsity, and intramural sports for guys and girls. Students also enjoy sports like tennis, surfing, and skateboarding at MBA.

location

The beach is just the beginning

MBA's campus is designed to inspire. Located on 379 acres on the central California coast, our students enjoy MBA's private beach and spacious setting. Scenic Monterey is just 30 minutes away, and lively Santa Cruz is a quick 15 minute drive. The closest major airport is just a 45 minute drive to San Jose.

campus ministries

Students serving others

We believe in God: pure and simple. We have several opportunities for our students to connect with divine inspiration. Through worship services, prayer ministries, outreach activities, and mission projects, our students have the chance to discover the eternal benefits of a relationship with our Creator.
